BOOK 22

1725 to 1739 Dickson Street

CHICAGO, ILL.

U. S. A.

ALL OF OUR PRODUCTS ARE MADE ENTIRELY OF WOOD

To The Trade

In presenting this catalogue we wish to call your attention to the fact that the Embossed Mouldings, Embossed Carvings, etc., described herein are second to none in quality. They are made from first and second lumber, carefully seasoned in our own dry kilns. We operate our own die shop and after each die has been used it is carefully inspected to make sure of its being in A-1 condition for the next run. This is a fact worth considering when you buy embossed goods.

EMBOSSED MOULDINGS
Pages 1 to 28

These goods are made by conscientious men who are experts in this line of work. Each pattern is set up accurately and knives and dies are kept sharp, insuring you moulding that is smooth as well as correct in design, and embossing that is clean-cut and rich in appearance.

We can furnish any pattern in any wood and when requesting prices in other woods than covered by price-list be sure to mention quantities wanted.

You need not be confined to the shapes shown in this catalogue as they can be changed in many ways, so long as the ornamented part is not altered. Send us samples or drawings. Will consider making new dies if quantity warrants.

PLAIN MOULDINGS
Pages 29 and 30

All made to order so that you get fresh stock. Only a few patterns are shown here but we make special mouldings of all kinds and will be pleased to work to your samples or drawings — no extra charge on fair-sized quantities.

Our high class sticker work means satisfaction.

DOWELS
For Gluing — Page 30

These are furnished in bundles only. You will find them smooth and well manufactured. Birch only.

For Grille Work, etc., — Page 30

These dowels are furnished in all woods, in random lengths. When requesting prices on woods not covered by price list be sure to mention quantities.

COUCH LEGS
Page 31

The three designs shown are very popular and make very satisfactory as well as inexpensive legs for the more moderate priced couches.

EMBOSSED CARVINGS
Pages 32 to 40

These are not "Drop Carvings" but are made by an improved process of different nature. They have become very popular in the ornamenting of furniture, cabinets, millwork, etc. They are a good imitation of hand carving, have more delicacy of design than spindle carvings and being made entirely of wood they more closely match the work to which they are applied than composition ornaments. They are the least expensive of all. Made in all woods.

If you do not find what you require in this catalogue we will gladly consider making new dies if you will mention quantity and woods you will buy.

We are proud of our reputation as prompt shippers and we will get your goods off when we agree to unless hindered by conditions which we cannot govern. Small shipments are forwarded by Parcel Post or Express in the absence of special instructions.
